

## Newsletter May 2008

Dear Flisvos guests,

Summer time is on its way! We have had many nice windy days, blue sky and sunshine up till now. Our wind surfers, kite surfers and catamaran sailors were out there having a great time.

We are very much looking forward to welcoming you in our Flisvos Sport Club once again or maybe for the first time this season! The Flisvos Sport Club Team can't wait to get right into a great windy season 2008 with many surprises and fun!

...and of course we are going to have a big screen in front of our Beach Café for the Euro2008 – enjoy football with a beach flair! One more reason to come to Naxos!

### **What we have to offer this season – best of the old and great new thing!**

#### **New Lagoon Center – new Sport Team leader!**

If you already know our big schooling and rental center based at the famous flat water lagoon at the end of St. Georges beach, you will be very surprised to see it again after major renewal and renovation works! The comfortable sitting corner placed in front of the completely new reception area welcomes you to relax after a good surfing session. Our overall enlarged Lagoon Center is now managed by our new Sport Team leader Christopher Buenger, who spent a couple of years living and working on the wind island of Fuerteventura.

#### **Wind- and kite surfing in Mikri Vigla – water sport adventure at its best!**

After a very successful first season of our third Windsurf Center in Mirki Vigla, which is based in one complex with our Kite Center and the Hotel Orkos Beach, we have stocked up our amount of rooms in the Hotel Orkos Beach for you. Our beautiful family friendly rooms, apartments and studios provide every comfort, in a 100m distance from the sea. Staying down in Mikri Vigla is a dream for every water sport fan, who is looking for a tranquil, quiet place to relax, about 12 km south of the main town of the Island. **Our pre season special: book until the 01.07.08 and you pay 6 days of surfpool and receive 7 or 14 for the price of 12 days. Additionally you receive a free Kite trial lesson, if you book this special!**

#### **What is a holiday at the beach without fresh fish?...**

...went through Mieke our Beach Café Managers mind last season. So without hesitating she started the weekly **fresh fish from the grill** evening. Since then Octopodi dangling from a washing line beside RRD surfboards have become a normal picture at our Flisvos Center and the fresh fish evening is a full on success. Look forward to the freshest fish of the BBQ ...and for our little guests we even offer fish fingers!

#### **Our Hotel Naxos Beach 1 is presenting its self new and shiny!**

During winter time we worked hard to get our rooms, studios and apartments into great new shape. This seasons hotel manager Bettina was a tremendous help with many creative ideas. Bettina and her team are very much looking forward to making your holiday one to remember!
