Our news for this summer - step by step

Because of our 15th anniversary - all prices for hotel, sport and beach café will stay the same!

Five days a week, Natascha and Dunja invite you to start the day with an active sport program at the fresh renovated pool to keep your body in balance - with water gym, step aerobic, legs, bums and tums and body balance.

Our beach café got also a new coat of paint. Now, you can enjoy an amazing sunset in an external bar and many big chair cushions. Here you can relax and be slouched on the sofas to chill.

Every Sunday you get the chance to enjoy the beautiful surf- & chill out sundown together with our team at our mobile caipirinha bar. In place, we show you impressive surf- and kite videos on a big screen.

But not only the sunset view on Sunday is an absolutely highlight. We provide more incentives!

Monday - Greek buffet - Greek and specialties of Naxos

Wednesday - our famous BBQ buffet

Friday - fresh fish from the grill

Saturday - pasta buffet and salads

Sunday - surf- & chill out beach party with a big video screen on the beach

Beside the entertainment program on land, the windsurf- and catamaran center at the lagoon offers you ideal surfing and sailing terms - for Beginners and Advanced.

This is your possibility to develop your surfing and sailing knowledge as much as you like. If you need some hints and tricks, you may ask our motivated and well-trained staff. For your surf training on the water you can choose between 180 RRD boards, 270 Neil Pryde sails and 6 catamarans.

But if you need a change to the water sport, we provide well equipped Ghost mountain bikes at our Flisvos Sportclub for discovering the beautiful landscape of Naxos island. Allow yourself to become immersed in the world of Naxos.

From the 18th of august we provide you a special season offer in Orkos Beach Hotel in Mikri Vigla - all rooms and fixboards - 7 days at a price of 6 and 14 days at a price of 12.

Close to our small but nice windsurf center in Mikri Vigla you will find also our kite surfing school. A perfect combination for beginners and advanced surfers.

The highlights at conclusion. Lots of surf events are waiting for you and your holiday spirits.
