Events 2010:

Already unpacked are the newest boards of RRD and riggs of Neil Pryde. The preparations for THE Event 2010 in Flisvos Sportclub are running already at full speed:

After the sensational success last year the EFPT finals 2010 will take place again on Naxos.

Not only the completion itself but as well the numerous side events have made the audience and the riders enthusiastic. Steven van Broeckhoven had a perfect season 2009 and gained the title and the crown "Prince of the Wind" as successor of Andre Paskowski (2.). Nicolas Akgazcyien was happy about his title as third-best Davy Scheffers, 4th place in the EFPT Ranking 2009: "Super! Best EFPT Event ever!!! Keep up the good work for everybody. Was a good season and hopefully next year even better!"

European Freestyle Pro Tour, „Prince of the Wind Naxos“

Takes place at Flisvos Sportclub 16.09. – 19.09.2010

We invite you to join the event with ~ 30 professional freestyle riders in the competition. Follow the daily heats on the water point-blank. Have fun with the riders together at the opening party and the awards show at the beach-café.

One week before we offer you a **Freestyle Event**

Two of the professionals teach on 2-3 hours a day their freestyle moves. The best of these 'trainees' gets a wild card and can take part in the competition.
