Nevertheless, with your reservation you have access to all available boards outside your preferred category.
- Boarder package does not include wetsuit, harnesses and accessories, or equipment insurance.
- Protection vests are mandatory according to the Greek marine law as well as helmets for wingfoiling. Anytime equipment is used the customer is obliged to wear the mandatory protection gear which is provided to you free of charge. Nevertheless we recommend that you bring your own vest and helmet.
- Board rental and its progressive discount are possible only in consecutive days.
- There is no refund for unused windsurfing rental time.
- The equipment can be used only by the person who is renting it. If it is used by others, each additional user will be charged minimum the daily price of rental.
- Customers that booked in advance have first priority when choosing equipment.
- Discounts are applicable only to full price boarder packages. There can't be a second discount on an already discounted package (p.ex. family double use, junior sport package etc). When the customer is entitled to more than one discounts, only the highest one applies.
- On Spot you can also book one of the SEA SECRET wing foil boat trips to see other spots in the Cyclades.
- Flisvos insurance covers damages to the board and the sail, includes use of wetsuit and harness and rescue services. Fin damage is not included. Insurance is also invalid if the person hiring the material does not comply with the instructions of the staff on duty, or violates the international marine code or Flisvos surf rules about handling and storing the material. Insurance covers up to three damages.
- Sails are rigged and ready to use, with Vario adjustable harness lines.
- Equipment availability is **not** guaranteed when renting on the spot, especially during high season. We strongly advise you to book in advance.
- Book at least 2 weeks in advance to receive the “surf and sleep” rate when you have booked accommodation with us.
